Spring-struck Plants, 3/- each.

Another variety with serrated petals (see KELWAY'S Serratipeta'a, single), but this time of cactus form. Yellow passing to white at the margin. Quite a new shape in Dahlias, and now that we have broken away from the stereotyped old forms, it should make a stir in the ranks of Dahlia fanciers.

NEW FANCY DAHLIAS.

Spring-struck Plants, 15/- per doz.

GOLD MEDAL, bright canary-yellow, regularly marked with fine stripes and splashings of deep red

"DECORATIVE POMPON" DAHLIA.

A new type offered for the first time by Kelway & Son in 1898. 15/- per dozen.

ELFIN (*Kelway's*). Two years' growth of this variety proves it to be well worthy the commendation we bestowed upon it last year; it is Pompon in size but "Decorative" in shape, very dwarf with small neat flowers; bright rose; very attractive and perfectly distinct; very free flowering and compact in habit.

SINGLE DAHLIAS.

SERRATIPETALA, formerly called *Duke of York* (*Kelway's*), 12/- per dozen.—Glowing scarlet; the shape of this variety is absolutely unique amongst Dahlias.
